The Annual meeting of the ratepayers of the Rural Municipality of Rocanville, No. 151 was held in the auditorium of the Farmers Building, Rocanville at 2 p.m. Local Time, with an attendance of 36 ratepayers.

The minutes of the last annual meeting were read and adopted on motion of T.G. Reed,

~~The Financial~~ The report from the Municipal Doctor covering his work for the first nine months of the year was then read, the ratepayers from the area covered by the Bylaw expressed themselves as well satisfied with the way the Bylaw was working out.

Financial statement for the first ten months of the year read and discussed, the financial statement showed that there had been a considerable improvement in collection both of taxes and seed grain liens.

There was considerable discussion re the granting of a gopher bounty, also of the council giving out gopher poison free to the ratepayers, it was finally moved by G.A. Lindsay and A. Stewart "That the municipality provide one package of gopher poison free to each ratepayer quarter section, provided that the ratepayer purchases a package for each quarter section on which he obtains the free poison " Cd.

At 3 p.m. Central Standard Time, the returning Officer announced the meeting open to receive nomination for reeve and councillors for Divisions one, three and five
The meeting then discussed various items arising out of the financial statement among them payments to schools, methods of tax collection, seed grain liens ~~asking various questions~~ and remissions and discounts

At 4 p.m. Central Standard time nominations were closed and as there was only one nomination for Reeve, namely D.L. Wilson, Mr. Wilson was declared elected Reeve for the next ensuing year; as there was only one nomination for each of divisions one, three and five viz L. Campbell, D. Kydd and A. Calder, they were each declared elected councillor for their respective divisions for the next two ensuing years.

The Reeve, Councillors Campbell, Reavie, Kydd, Heap and Calder then addressed the meeting, Councillor Pezays not being present.

The Reeve thanked the council and the ratepayers for the support given him during his two years as Reeve, Councillor Campbell mentioned the need of some adjustment between the present remissions

discounts, pointing out that the ratepayer, who was unfortunately unable to pay his 1934 and 1935 taxes was penalised to the extent of 18% as compared to the more fortunate ratepayer, who was able to pay his current taxes in these years and take advantage of the 13% discount.

Councillor Reavie stressed the need of increasing the municipal rate by one mill the same to be used entirely towards improvement of public works.

After an expression of appreciation of the good work done by the whole council during the past year the meeting adjourned on motion of G.A.Lindsay.
